# City of Anderson Community Development Housing Needs & HOME- ARP Survey

The City of Anderson was allocated \$1,372,583 in HOME Investment Partnership – American Rescue Plan Program (HOME-ARP funding). The City also expects to receive CDBG allocation of \$944,526, and HOME allocation of \$379,075 for PY2022-2023. The Housing Needs & HOME-ARP Survey is part of the PY 2022 Annual Action Plan development and the HOME-ARP Action Plan development, and is undertaken to gauge the Community beliefs about the importance of allocating public grant funds under the CDBG, HOME & HOME-ARP programs. The information you provided informs our understanding of local housing and public service needs, Homeless Intervention needs, and Post-Pandemic related needs.

The City of Anderson thanks each of the sixty-nine respondents who participated in the Housing Needs & HOME-ARP Survey.

## **Brief: Survey Analytics**

Community Development made available the survey on January 7-February 28, 2022. The department reviewed and shared the survey at the two public meetings in January. During this time, the survey was live on the City website and ongoing "calls to action" occurred for participation through the city facebook page, community development facebook page, survey web link, and the interested parties email list, which reaches of over 16,667 individuals. Social media garnered 15 responses, interested-parties email list also garnered 15 responses; and the survey web link garnered 39 responses.

## Q6 Please explain your priority #1 in question #5 above.

Answered: 63 Skipped: 6

#	RESPONSES	DATE
1	I think there is a huge need for case management for individuals who are homeless and falling through the gaps. Primarily there needs to be mental health and substance abuse treatment and counseling for individuals experiencing homelessness and this needs to be a part of the case management for these folks. Masters level LCSWs are who are needed to work with these tough cases and also case managers who are BSWs who have small caseloads to provide support	2/22/2022 5:45 PM
2	There are to many ppl in anderson that are in jeopardy of loosing their place of residence due ro covid and job insecurity because of that. Counseling could help!	2/14/2022 6:59 PM
3	No comment	2/10/2022 11:22 PM
4	Most folks are homeless due to the cost of rent, utilities. The monthly rental price in most cases exceeds their monthly income. It's hard to " live in your means" when your means are not enough to live on!	2/10/2022 10:22 PM
5	Opportunities for people to be responsible for themselves.	2/8/2022 3:50 PM
6	There are not any resources in our community with non-congregate shelter capabilities.	2/2/2022 7:21 PM
7	Rent prices have been going up. Evictions seem to be on the rise. Currently many people are having to get assistance for rent. Affordable rentals seem to be less and less. I think it would be wise to plan for the future so that people will be able to rent or buy a home that isn't high cost.	2/2/2022 8:40 AM
8	Prevents families and individuals from homelessness.	1/31/2022 5:17 PM
9	we need more supportive housing availability, subsidized housing is crucial to make housing available with the percentage of people living in poverty or on the edge of poverty in our community. Not short term rental assistance, needs to be long term subsidized housing, with financial supports, and wraparound support.	1/31/2022 2:38 PM
10	These tends to be a barrier for most people.	1/31/2022 1:54 PM
11	Our homeless population is growing it seems not so much because of transient families moving in but because of families who call Anderson/Madison County home less and less able to navigate costs and systems to hold on to safe and equitable housing. We have not been proactive in our development of appropriate options and support of accessing those options for families with low income status.	1/31/2022 12:44 PM
12	Lack of decent and affordable housing in community lead to displaced families, homelessness and increased poverty.	1/28/2022 3:24 PM
13	Lack of housing to meet the needs of poor population	1/28/2022 10:59 AM
14	There is a huge shortage of affordable housing units specifically 1 BR units. There is also a shortage of 3 BR houses that is affordable units too.	1/28/2022 10:17 AM
15	The shelter options are nearly non-existent unless you suffer from substance use disorder, fleeing domestic violence or a single woman.	1/28/2022 10:12 AM
16	The housing first model has been shown to be more effective in the overall reduction of homelessness compared to the congregate shelter model. The non-congregate model would be the next best solution as long as we have a shortage of affordable rental housing.	1/27/2022 1:55 PM
17	There is not enough decent housing that is affordable for low income residents in Anderson	1/26/2022 10:14 AM
18	The first few months for someone obtaining and keeping a new apartment is key for long term success. We need more support for those making these positive steps.	1/25/2022 3:53 PM
19	Very limited housing, especially for single persons (1 bedroom), or larger families. Much of the rental availability is substandard and pricings are rising due to limited options.	1/25/2022 3:44 PM

**CITY OF ANDERSON 2022~2023 HOUSING NEEDS & HOME-ARP COMMUNITY NEEDS SURVEY**

20	We need emergency shelter for people from all walks of life-single, families, couples, single parents.	1/25/2022 11:27 AM
21	The city is in need of more affordable housing	1/25/2022 10:57 AM
22	Affordable housing needs to be available	1/25/2022 10:39 AM
23	Noncongregate shelters will provide the case management and support families need to move to permanent housing	1/22/2022 12:37 PM
24	Anderson has an extreme shortage of rental housing	1/21/2022 8:30 AM
25	Non-congregate shelter allows for immediate housing of individuals who may not be suitable for a traditional shelter style because of unmanaged mental illness or substance abuse for example.	1/20/2022 1:31 PM
26	Items listed are needs based for people without resources.	1/19/2022 3:43 PM
27	There are many diverse problems with housing that need addressing. Most of the clients I see have difficulty managing through the institutions and structures that keep them from growth.	1/18/2022 12:16 PM
28	It is very important for people to be able to find a private space for their family as they maneuver through an adverse situation such as being out of their home.	1/18/2022 10:06 AM
29	Anderson lacks affordable housing options. Rent is high in market-value options and the buildings that serve low income are scarce and have waiting lists.	1/17/2022 10:39 AM
30	The need is immediate and the most relevant to the maintenance of family solidarity.	1/16/2022 1:11 PM
31	People need to be helped first and then we can focus on educating them.	1/16/2022 1:11 PM
32	Immediate financial support is important.	1/16/2022 1:07 PM
33	People need help NOW! Immediately..not training, not while acquiring or developing... they need immediate help to get them stabilized, then work on long term and prevention and tools	1/16/2022 2:26 AM
34	Those services can help with setting people up with a positive future.	1/12/2022 3:30 PM
35	There is not enough quality affordable housing available.	1/12/2022 10:43 AM
36	We seem to have a need for more decent affordable rental housing. We have vacant structures in need of repair that could house individuals in the community in need of housing.	1/12/2022 10:39 AM
37	Currently the community is experiencing a surge in rental prices, but the income of citizens is not increasing to be able to afford rent. Many commercial developers / flippers from other communities are coming from other markets and charging rates from those markets.	1/11/2022 8:40 PM
38	There seems to be a lack of affordable decent housing available in the Anderson area.	1/11/2022 7:27 PM
39	Clients need to be educated on tenant rights and landlord rights. Landlord/tenant cultivation has become a struggle because the rental market is in extremely high demand and landlords can charge an astronomical amount for their unit. In a perfect world there would be no tenant damage to the property and the landlord would be able to put the money paid for damages towards preventative maintenance vs damage maintenance.	1/11/2022 3:52 PM
40	Landlords need better educated on domestic violence, mental health, trauma-informed care. Tenants need to be better educated on how housing and leasing works, and what fair housing looks like.	1/11/2022 3:10 PM
41	Too many residents now making a living wage.	1/11/2022 11:32 AM
42	We are in desperate need for emergency shelter. However, we know through research that when people are given independent housing (ideally not emergency shelter but even emergency shelter) they do better. It is ideal for housing to be a basic right rather than connected to required services. When we offer congregate shelters there are more safety issues we have to address to keep everyone safe (ie: people are clean and sober when living at the shelter, people are compliant with services). However, if we have independent shelter units we can provide shelter regardless of program compliance. We also can individualize treatment for people more effectively. Madison County has a large homelessness problem, many families and couples facing homelessness specifically that want to live together with few or no options.	1/11/2022 11:10 AM
43	There is a lack of affordable, quality housing in our community and too many people are living	1/11/2022 10:41 AM

**CITY OF ANDERSON 2022~2023 HOUSING NEEDS & HOME-ARP COMMUNITY NEEDS SURVEY**

	in substandard units because they cannot afford anything better.	
44	There is no affordable housing even for people who work full time and make over \$14/hr	1/11/2022 10:35 AM
45	The rental inventory in Anderson is very low right now.	1/10/2022 3:20 PM
46	There are so many people who need to be in housing but are reluctant to go to shelters.	1/10/2022 2:34 PM
47	Funds should definitely help go towards increasing the amount of shelter space. Capacity is limited, especially for those seeking family supported housing.	1/10/2022 1:59 PM
48	Rent is excessive and individuals making minimum wage cannot afford to rent any housing.	1/10/2022 12:30 PM
49	Need for quick, short term assistance	1/10/2022 10:36 AM
50	As a provider of affordable housing, there is a great need for affordable 1-bedroom or studio apartments in Anderson. The organization I work for had 4 1-bedroom apartments and they were never open for more than a few weeks. Our 2-bedroom apartments were open for longer periods of time. I think there is a need for 3 or 4 bedroom and studio/1-bedroom apartments for larger families and single person households.	1/10/2022 10:10 AM
51	The great need is for families to have a private space where they can stay together. This way children can have both mom and dad with them.	1/9/2022 6:20 AM
52	Currently out "shelter" brings in more homeless who are bussed to our community. Getting people established in the community w long term housing is the most important. Transient housing produces a community of transient homeless.	1/8/2022 12:06 PM
53	Need for housing that is affordable for those on social security	1/8/2022 6:15 AM
54	I am seeing a lot more homeless activity around Applewood, Walmart, and the exit at I69 within the last year. The old Ruby Tuesday building is a hotspot- what is being done for these people in this area? There are resources in town- but nothing around Walmart- there is plenty of wide open space around there to build temporary housing. As a requirement to stay, maybe help to connect with financial resources, employment classes, responsibility to work in a good kitchen onsite & pay them for their work- graduate them into some sort of low cost apartment housing that could be attached. Partner with Walmart, or Hoosier Park to help with job placement.	1/8/2022 6:10 AM
55	People need shelter nobody should be without shelter	1/8/2022 2:46 AM
56	Without financial assistance, homelessness continues for those who accept help	1/7/2022 5:47 PM
57	There is not enough affordable housing in our community. Even for organizations that can provide rental assistance; the rent is too high so it will not work for the program. There needs to be more affordable housing options.	1/7/2022 4:47 PM
58	We do need programs to provide more affordable housing. However, we need more programs that help become more financially stable and more responsible. Public Assistance should not be fore life-time.	1/7/2022 4:24 PM
59	There is not adequate descent affordable housing in Anderson.	1/7/2022 4:14 PM
60	Maintaining housing is a tremendous challenge for individuals who face frequent unemployment/underemployment, lower wages, and lack of access to behavioral and medical health services. Housing assistance can help to fill gaps while other services are found for the individual and family.	1/7/2022 4:03 PM
61	People need shelter before they can del with other issues.	1/7/2022 3:43 PM
62	This is the biggest current gap in need that we run into	1/7/2022 3:40 PM
63	The city of Anderson has a housing crisis that is growing. We need affordable housing for our largest population- low income!	1/7/2022 3:13 PM

Q7 For affordable rental housing development, what specific needs do you see in our community? How do you believe HOME-ARP funds (homeless prevention and intervention) could be used to address those needs? (e.g. acquisition, construction, and rehabilitation) (Please rank: 1 = Most Important use and 6 = Least Important use). **Weighted average results shown: Highest weighted number reflects the highest weighted needs as believed by respondents.**
